Promote Your Products and Services

Continuing the tradition of excellence, the next installment of the successful conference series on dredging and dredged material placement is coming soon!

Organizers are putting together a stellar agenda with more than 600 attendees from around the world. The professional interaction and exchange of ideas remains a hallmark of the Dredging conference series.

If your company sells goods and services related to any aspect of dredging and dredged material disposal you need to be in Savannah, Georgia, USA next October.

Don't miss out!

- Get information on your products into the hands of the people who specify and purchase what you sell.
- Demonstrate the benefits of your products and services to those who specify, procure, or use them.
- Expand relationships with existing clients.
- Recruit new customers.

Benefits include:

- Meals, breaks and opening reception in the Exhibit Hall
- One full conference registration
- A listing on the conference website with a link to your site
- The opportunity to join as a sponsor and further enhance your exposure and reach
- Access to the attendee mailing list
- And more!

Reserve your exhibit space today!
